Serie di mobili con struttura e ante in pannelli impiallacciati, caratterizzati da un'anta a tutta altezza con bordo perimetrale in ottone, impiallacciata oppure rivestita in ottone o marmo.

Proposti in differenti altezze:

- H. cm. 83 in dimensione:

- cm. 250 con anta a tutta altezza a battente;
- cm. 300 e 350 con anta a tutta altezza scorrevole.

Disponibili versioni ad ante con vani singoli attrezzati con ripiani in vetro temperato extrachiaro oppure a cassetti e anta a ribalta.

- H. cm. 123 in dimensione:

- cm. 250 con anta a tutta altezza a battente;
- cm. 300 con anta a tutta altezza scorrevole.

I tre vani singoli con ante a battente sono attrezzati internamente con un cassetto, mentre il vano a tutta altezza è attrezzato con ripiani in vetro temperato extrachiaro

- H. cm. 173 in versione:

- contenitore attrezzato internamente con un cassetto centrale e due ripiani in vetro temperato extrachiaro;
- mobile bar attrezzato internamente con un cassetto centrale e un ripiano in essenza con fresate per bicchieri; schienale rivestito in specchio bronzato.

A richiesta, è possibile avere illuminazione a LED interna; l'accensione risulta automatica tramite sensori che si attivano all'apertura delle ante.

Set of storage units with structure and doors made of veneered panels, featuring a full-height door with perimetral edge in brass, that can be veneered, covered with brass or marble.

Offered in different heights:

- H. 83 cm. in measurements:

- 250 cm. with a full-height hinged door;
- 300 and 350 cm. with a full-height sliding door.

Available versions with doors, with single compartments endowed with extra-clear tempered glass shelves, or versions with drawers and flap door.

- H. 123 cm. in measurements:

- 250 cm. with a full-height hinged door;
- 300 cm. with a full-height sliding door.

The three single compartments with hinged doors are endowed with a drawer, while the full-height compartment is endowed with extra-clear tempered glass shelves.

- H. 173 cm. in version:

- storage unit endowed internally with a central drawer and two shelves in extra-clear tempered glass;

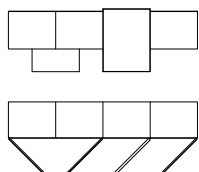

- bar cabinet endowed internally with a central drawer and one shelf in veneer with milling for glasses; back covered with bronzed mirror.

Upon request, it's possible to have inner LED lighting; it is activated automatically via sensors when the door is opened.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua.

Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CURA E MANUTENZIONE DEL METALLO

I metalli utilizzati per i nostri prodotti sono di altissima qualità.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana di parti in metallo, acciaio e ottone, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua o con detergenti appropriati.

Non utilizzare prodotti abrasivi o aggressivi.

Pulire le macchie quando sono ancora fresche.

CURA E MANUTENZIONE DEL MARMO

I marmi utilizzati per i nostri prodotti sono di altissima qualità.

Le possibili differenze di tonalità, sfumature di colore e di venatura, anche all'interno della stessa lastra, sono da considerarsi caratteristiche naturali dei materiali.

Per la pulizia quotidiana dei marmi, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua o con detergenti neutri specifici.

Non utilizzare altri detergenti, sgrassatori o anticalcare, che potrebbero graffiare e danneggiare le superfici.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water.

Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.

CARE AND MAINTENANCE OF METAL

The metal used for our products are of the highest quality.

Possible differences in colour tonality or shades are due to the characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of parts in metal, steel and brass, we suggest to use a soft or a microfiber cloth, dampened with water or with specific products.

Never use abrasive or aggressive cleansers.

Clean stains while they are still fresh.

CARE AND MAINTENANCE OF MARBLE

The marble types used for our products are of the highest quality.

Possible differences in colour tonality, shades or grain, even in the same slab, are due to the natural characteristics of the materials.

For routine cleaning of marble, we suggest to use a soft or a microfiber cloth, dampened with water or with neutral specific cleansers.

Never use other cleansers, degreasers or anti-limescale, which can scratch or damage the surfaces.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
