Tavoli rotondi e rettangolari proposti in legno massello di abete, in legno multistrato laccato oppure con piano in legno multistrato impiallacciato rovere e base in legno multistrato laccato. I tavoli rettangolari possono anche essere realizzati completamente in legno multistrato impiallacciato rovere.

Per la versione in legno massello di abete, fare riferimento al campionario delle tinte del rovere.

Per la versione in legno massello di abete, con variazioni di umidità e temperatura dell'ambiente, si potrebbero creare delle crepe. È un fatto inevitabile da considerarsi come valore e garanzia che il prodotto è realizzato in legno massello, materiale vivo.

Round and rectangular tables offered in solid fir wood, in lacquered multilayer wood or with top in oak veneered multilayer wood and base in lacquered multilayer wood. Rectangular tables also can be completely made of oak veneered multilayer wood.

For the solid fir wood version, please refer to the stains of the oak wood.

For the solid fir wood version, with variations of humidity and temperature of the room, some cracks could be created. It's an unavoidable event to be considered as value and warranty that the item is made of solid wood, a living material.

CURA E MANUTENZIONE DEL LEGNO

I legni utilizzati per i nostri prodotti sono di altissima qualità e lavorati con la massima maestria.

Le possibili differenze di tonalità o sfumature di colore sono da considerarsi caratteristiche naturali dei materiali e dimostrazione dell'artigianalità di lavorazione.

Per la pulizia quotidiana dei legni naturali, tinti e laccati, si consiglia di utilizzare un panno morbido o in microfibra, inumidito con acqua. Non utilizzare prodotti spray, cere e prodotti che contengano alcool, solventi o abrasivi.

Pulire le macchie quando sono ancora fresche.

Tutti i prodotti sono realizzati nel rispetto dell'uomo e dell'ambiente.

CARE AND MAINTENANCE OF WOOD

The wood used for our products are of the highest quality and manufactured with the greatest craftsmanship.

Possible differences in colour tonality or shades are due to the natural characteristics of the materials and are to be considered as proof of artisanal workmanship.

For routine cleaning of natural, stained or lacquered wood, we suggest to use a soft or a microfiber cloth, dampened with water. Never use spray products, wax or any product containing alcohol, solvent or abrasive.

Clean stains while they are still fresh.

All products are made with respect for the mankind and the environment.
